CHAUFFEUR SERVICE

Professional, reliable and flexible

*Your own car is your pride and joy?
Our chauffeurs couldn't agree more.*

Sometimes you just don't feel like to get behind the wheel of your own car, but you still want it with you on your travels? You're in a hurry and really need to finish off some work on the way to a meeting? Or you're visiting an unfamiliar city and need someone to do the driving for you? This is where Interline's chauffeur service is the perfect answer.

Our chauffeurs take over the wheel to let you put your time to good use – to do some work or just to relax. Like all Interline chauffeurs, the unique team that assumes responsibility for either your own car or your complete company fleet is made up of specially trained, reliable and courteous full-time professional staff.

All our chauffeurs attend the DEKRA-certified D1 or D2 chauffeur training courses offered by our partner Bruseco and, in addition, regularly participate in further education seminars, driving safety training and annual re-certification courses – all to ensure that you arrive at your destination safely and in comfort.

Smile, sit back and enjoy the luxury of having saved time efficiently.

Looking after your safety at Interline: Bruseco Certifications (DEKRA D1 and D2 professional chauffeur training).

RESERVATIONSERVICE

Simple and easy – the world

*Of course we have business hours...
24 hours a day, 7 days a week.*

It's because we know that meetings called at short notice or spontaneous trips don't know the meaning of the term "regular hours of business" that our team is on call for you personally around the clock and around the world. 24 hours a day, 7 days a week, 365 days a year. This lets you make the reservation you want immediately – first thing in the morning or in the middle of the night, whenever it suits you. That's what our friendly and obliging team is there to do.

Behind the scenes, an intricate, web-based booking and reservation system ensures transparent processes, letting you see every booking you've made. Reservation, booking and billing are efficient, precise and secure.

For clients who book with us on a regular basis, we can set up dedicated, protected online access for our system to allow them to make reservations themselves or to book their vehicle of choice or their favourite chauffeur. When it comes to relaxed travel, it's the perfect reservation that counts. All you have to do is choose your destination. We'll get you there with a smile.

COACHSERVICE

Exclusive and relaxed group travel – an experience to remember

*Superior travel with superior views.
To experience it is to believe it.*

See more as you travel.

You're organising an event and need transfer options from the airport to the hotel, the venue or the conference centre? You're planning a city tour or a short trip for business associates or staff? Or you're organising a weekend away for a club or for friends and family?

Discover just how simple travelling can be. You won't go wrong with our coach service. Our 6- to 50-seater coaches satisfy the same exacting quality standards we place on our limousines: fully serviced and valeted, with air-conditioning and toilet facilities, a DVD player and computer connections, with an experienced chauffeur at the wheel. And because travel whets the appetite, we have coaches equipped with galleys – and we can provide specially trained service staff, on request – to serve your guests snacks and drinks.

The world looks different when viewed above the roofs of the cars around you. Sit back and see for yourself. Let us welcome you on board.

EVENTSERVICE

Transfers, shuttles and logistics

*Your event is running smoothly.
We're at work behind the scenes
to make sure it does.*

What do two so very different events like the 2006 Football World Cup in Germany and the World Economic Forum in Davos have in common? No glitches, and relaxed and happy staff and guests, that's what. And to make sure it stays that way, we provide event organisers with the extensive know-how on all personal transportation issues that only a respected partner is capable of providing.

Just tell us your guest schedules. Together with you, we'll put together a plan that runs like clockwork. We'll make sure your VIPs are picked up and dropped off punctually at your event. Smartly dressed in accordance with your wishes and in keeping with the style of the event, our courteous chauffeurs will be there to welcome your guests – either in the airport arrivals hall or charter terminal, on the station platform or

in the hotel foyer – and ensure that the first impression of your event will set the tone for what's to come. At the venue itself, our multilingual and fully trained hostesses will be at hand to coordinate your guests' shuttle requirements. A competent and, at the same time, charming point of contact for your guests, our hostesses maintain constant contact with our team of chauffeurs and our on-site coordinators to ensure that no logistical bottlenecks occur.

During the event, our fleet of vehicles is on call to drive your clients from the hotel to your event and back again – safely, discreetly and in comfort.

We'll be more than happy to organise exclusive evening or leisure activities for your guests or their partners: sightseeing trips, shopping tours, restaurant visits and anything else to help

make their stay a pleasant one. Our full-service package for special clients is guaranteed to put a smile on the face of the most discerning of guests.

AIRCRAFTSERVICE

Fast, customised and comfortable – on every route

Anyone can get from A to B. It's HOW you do it that can make all the difference.

Your day needs to have 36 hours? Just when you unexpectedly need to attend a meeting in another city, country – even on the other side of the world – every single flight is fully booked? You don't have time to take care of connecting flights, baggage transfers or the other annoying things that are part and parcel of air travel?

Then let us do it for you. Our exclusive aircraft charter service gives us access to a comprehensive and reliable fleet of aircraft. No matter how far you need to travel, the number of people flying with you or any other requirements you may have, we will find the aircraft best suited to your needs at an airport close to where you are.

To let you board quickly, one of our limousines will drive you straight to the aircraft and, after you land, collect you directly at the gangway. It goes without saying that we are authorised to handle all the formalities at the General Aviation Terminals of all major airports.

To make your flight as pleasant as possible, we can also provide trained flight attendants to serve you tasty meals and refreshing beverages.

You're ready for take-off.
All you need to remember is your passport.
